Kappa Psi Inducts 26

By Dana Roman

A few things have happened this past month in Kappa Psi. As promised, the Kappa Psi Annual Christmas Party was a great success this past December. Many brothers helped out with cooking the fantastic turkey dinner, and everyone brought delicious side dishes. Along with the meal was the ever-popular Secret Santa gift exchange, after which many brothers stayed and just enjoyed spending an evening together before finals madness began.

Kappa Psi is looking forward to the upcoming semester, including our annual Ski Trip, and Spring Formal. We are also pleased to announce the re-launching of our chapter website towards the end of this month.

We would also like to congratulate our newly inducted Brothers:

Harshal Amin	Amanda Nguyen
Lauren Bisonic	Katelyn Schultz
Caroline Burggaller	Marina Shkayeva
Ben Cassidy	Alisa Snyder
Rebecca Crooks	Kate Steward
Anastasia Elmiger	Julie Styche
Rebecca Fetzer	Kristina Sucic
Svetlana Goldman	Amanda Tomich
Kristy Klima	Chris Turton
Cortlynn Latsha	John Yamber
Dan Lindsay	Dan Yarabinec.
George Liu	
Kim Miller	
Laura Muchesco	
Karen Nenno	

Far Left: Michelle Bert & Josh Clossin at the Christmas Party

APhA-ASP Executive Board is for YOU

By: Erica Trimble
APhA-ASP President

Welcome back! A huge thank you to the Executive Board, MRM Committee Chairs and Members, and everyone else who was involved with APhA-ASP's busy, yet successful fall term. As we come back to a new semester and New Year, it is also time to turnover our Chapter's officers. This is a perfect chance for you to get more involved with APhA-ASP!

In all levels of pharmacy it is important to get involved. Pharmacy organizations protect our careers and our rights as pharmacists, and give us opportunities for great benefits and fun. As a leader in APhA-ASP, you can help plan socials and parties, have lunch with executives, and invite speakers to our school.

There are various positions on the Executive Board, so I'm sure there is one that fulfills your interests or passions. Elections will be held at the **February 4th APhA-ASP General Body Meeting at 12:00 in 402**. Those who are interested in running for an elected position must give a 2-4 minute speech describing why you are the best candidate and what your goals for the position and the Chapter are for next year.

The elected offices include:
President-elect
Secretary/Treasurer
IPSF Chair
SPAN Chair

The selected positions will be nominated to office by the current and newly-elected Executive Board Members.

You are required to submit a paragraph (no more than 1 page typed) about why you should be chosen for one of the following offices:

Historian/Pitt Capsule Editor
Patient Care Coordinator
(2) Chairs to the Council of Social Activities
Chair to the Council of Professional Activities

If you are interested in any of the positions above but want some more information about the duties and responsibilities, you still have plenty of time. Anyone of the current officers would be happy to talk to you, so feel free to contact them. Once you decide on a position that is right for you, please email Erica (elt11) by **Friday January 30th** with your name, the title of the position, and your speech or paragraph. You can also contact me with any questions.

The Social Scoop Celebrates Pharmacy Weeks

By Melinda Wingard and Josh Clossin
Co-chairs to the Council of Social Activities

Happy Pharmacy Weeks! Pharmacy weeks begin on Monday January 19th and there are numerous events planned throughout the two week celebration concluding with the annual formal on Saturday January 31st.

Events planned include a football game, OTC Jeopardy, a combined social with Duquesne University School of Pharmacy, a friendly game of family feud: students verses faculty/staff, and a No Talent Talent Show. Sign-ups for the OTC Jeopardy, Patient Counseling Competition, and the No Talent Talent Show are in the 9th Floor Student Services Office.

Be sure to check out the portal for a list and description of all the events. We need your help to make each and every event a success and look forward to seeing you there.

SNPhA Updates

By Melissa Ruminski

Winter break is never long enough, as we begin another semester. On January 8th, SNPhA had their first meeting of the New Year. Upcoming events and elections were the focus of this general body meeting. Congratulation to those elected to the executive board. The new semester also welcomes in the new chapter president Zack Snyder.

During Pharmacy Week in January, SNPhA has organized a student vs. faculty game of Family Feud that is sure to entertain all. Come and join your fellow classmates as they outwit the faculty with their expertise in trivial knowledge. The game will be at noon in room 402 on the 28th of January. There will be refreshments so come and have some fun.

Lastly, the SNPhA regional meeting is soon approaching. The meeting will be held March 13th -15th in Atlanta, GA. If not only to get away from the cold weather of Pittsburgh, you will have the opportunity to network and mingle with pharmacy students from across the region. Registration for the meeting is \$90 by February 1st and \$100 after February 1st for SNPhA members. For non-members it is \$95 before February 1st and \$105 after February 1st.

Don't wait to the last minute to register. If you have any questions please contact Zack Snyder (zjs1@pitt.edu). Many SNPhA members are registered meaning you would not be the only Pitt student at the meeting. Arrangements could be made to travel with a group already going, so act soon so plans can be made.

Pharmacy Weeks

- Monday 1/19** (no school)
PDC & LKS/KY football game 12 noon, Cathedral Lawn
- Tuesday 1/20**
PPA OTC Jeopardy 12 noon, 402 Salk
- Wednesday 1/21**
Tucci Lecture 12 noon, 355 Salk
- Thursday 1/22**
PLS Auction 6 - 9 pm, Wyndham Hotel Oakland
- Friday 1/23**
Social with Duquesne SOP 8pm, Dave & Buster's Waterfront
- Monday 1/26**
Patient Counseling Competition 4pm, 8th floor lab
- Tuesday 1/27**
IPSF Global Health Awareness Lunch 12 noon, 402 Salk
- Wednesday 1/28**
SNPhA Family Feud: students vs. faculty/staff 12 noon, 402 Salk
AMCP P & T Competition 4 pm, PCLC
- Thursday 1/29**
No Talent Talent Show 7pm – 11pm, Peter's Pub
- Friday 1/30**
P1 White Coat Ceremony 3pm, Scaife 5 & 6
- Saturday 1/31**
Formal, 6pm Sheraton Station Square

Congratulations to the new SNPhA executive board:

- President – Zack Snyder
- President Elect – Melissa Ruminski
- Vice President – Adam Martin
- Business Manager – Jerry Martin
- Secretary – Ijeoma Odigwe
- Lower Campus Liaison – Julian Hunt
- Historian – Samantha Holliday

SNPhA Upcoming Events:

- 01/28 – Family Feud @ noon in 402
- 02/07 – Investing Now with Dean Corey @ 9AM-12:15PM
- 02/19 – General body meeting (speaker: Ian McGowan)
- 03/26 – General body meeting (topic TBA)
- 04/15 – General body meeting (speaker: Cindy Jacobson)
- Health Fairs in April/June

IPSF is sponsors Global Health lecture for Pharmacy Weeks

By Julie Lauffenburger

IPSF is sponsoring a Global Health lecture as part of Pitt's upcoming Pharmacy Weeks. On January 27th at 12pm in Salk 402, Global Links will be coming in to talk about their organization, how to get involved, and their role in the Pittsburgh and global community. Global Links is a non-profit Pittsburgh-based organization that gathers unused medical supplies from the US healthcare system to distribute to resource-poor countries and their hospital and clinics throughout the world. IPSF will be sponsoring a free lunch for attendees, and we are asking for nominal donations to support Global Links and its efforts. Check out their efforts at: www.globallinks.org. All are welcome to attend!

The five-part Medical Spanish classes have begun. On Friday, January 9th, over 40 students in the School of Pharmacy attended the first session. At the end of the five weeks, interested students will be participating in a blood pressure screening at St. Regis church after the Spanish mass, organized by Steven Zona. Thank you to all who have helped organize the classes!

Volunteers from IPSF and the APhA-ASP Patient Care Committee will be hosting an immunizations booth at the Spring Study Abroad Fair in the William Pitt Union on January 30th from 12-3pm. If you are interested in participating, please email Julie Lauffenburger (j.lauffen@gmail.com) or Yardlee Kauffman (ysk2@pitt.edu) --it counts for Experiential Learning.

From the [Global Links](http://www.globallinks.org) website: *IMAGINE going to the hospital and being unable to receive treatment because basic materials—bandages, needles, suture, syringes, blood pressure units—are unavailable. In the United States this situation is unthinkable. However, in many developing countries this happens every day. People around the world are literally dying for lack of even the most basic medical supplies. At the same time, every year U.S. hospitals throw away an estimated 2,000 tons of unused surgical supplies worth over \$200 million. This still useful material often ends up being landfilled or incinerated—needlessly adding to the pollution problem and the cost of healthcare in the United States.*

Have a great January, everyone!

Step Up to the Challenge!

By Yardlee Kauffman

The ASP Patient Care Committee will be coordinating a pedometer project targeted to the student population at the University of Pittsburgh in which students will be empowered to record daily pedometer reading as a way to improve physical fitness.

The pedometer challenge will take place from February 2nd until March 6th. Weekly check-in sessions will occur during the five week period. Prizes will be awarded at each session and one grand prize will be awarded at the end of the project.

I urge each of you to become involved as we will be measuring participation between the P1, P2 and P3 classes. The class with the most participation will be awarded a prize at the end of the project.

If you want more details about the pedometer challenge, please send questions to Stepuptothechallenge@gmail.com. Additional information and project sign-ups will be available soon!

THE ASP ANNUAL FORMAL

Where: The Sheraton Hotel, Station Square

When: Saturday, January 31, 2009

6pm—11pm: Program Begins at 6:30, Dinner 7pm

Cost: \$35 per ticket

MENU:

Mixed Garden Green Salad

Your Choice of:

Chicken Admiral, Baked Boneless Breast of Chicken filled with Herb Stuffing and topped with a Light Cream Sauce

Roasted New York Sirloin, Pepper rubbed Sirloin Slow Roasted, Sliced and served with a Medley of Mushrooms in a Bourbon Demi-Glace

Penne Pasta Primavera, Penne Pasta with Steamed Seasonal Vegetables prepared with Garlic, Olive Oil and Herbs

Dessert

Dulce de Leche, Sweet Cream Cheesecake topped with a Carmel Mousse drizzled with Swirls of Carmel

Chocolate Decadence, Layered Chocolate Mousse Pie with a Chocolate Cookie Crust, finished with Chantilly Cream

DJ and Dancing following Dinner

WANT TO WIN A PRIZE?

The first five (5) people to e-mail res12@pitt.edu with the correct number of events going on for Pharmacy Weeks will win something special. Hurry up!

LKS Wishes you a Happy New Year!

By Julie Lauffenburger

We hope that everyone had a very happy and relaxing break! LKS has begun planning for the events of the spring semester, and we look forward to a successful semester.

Over the winter break, LKS sisters participated in a service event at Barnes and Noble, involving gift-wrapping for charity in Squirrel Hill. Sisters found this a nice way to unwind after finals while also raising money for Project Hope, our national philanthropy. Thank you to all who participated!

LKS is also participating in another service event immediately after the break—putting our used holiday cards to good use! St. Jude's Ranch for Children collects used holiday greeting cards and enables children to attach new backs and "recycle" them into holiday cards for the following season. We are looking forward to donating to this great cause.

In other news, LKS will be sponsoring a bake sale on January 20th at 12pm, coinciding with the PPA Jeopardy event as part of pharmacy weeks. LKS is also participating in the APhA-ASP Talent Show—look forward to the new sisters' fantastic act!

Lamb Light

Kerri Hohman (P2) and Amy Lesko (P2)

The "Lamb Light" column is designed to highlight special members, "lambs", who have gone above and beyond for our chapter. These two sisters have been invaluable in organizing the annual formal and induction ceremony! As a way of thanks, the LKS sisters would like to spotlight them in this month's issue.

Expanding RxPREP

By Amy Blososky

For those of you not familiar with the history of RxPrep, it is an organization dedicated to supporting pre-professional students through academic, social and community activities designed to increase knowledge about careers in the pharmaceutical sciences.

RxPrep was created by a recent graduate from the school of pharmacy, Lindsay Palkovic. Since then, hundreds of students have been involved and have had the opportunity to be matched with a student mentor, listen to several pharmacists talk about their careers, and learn helpful tips that will help with the application process.

I was recently contacted by Lindsay, who is now a faculty member at the school of pharmacy at the University of the Sciences in Philadelphia. Lindsay was looking for any updated information I had about RxPrep because she wants to create an organization there similar to RxPrep. Additionally, past and present advisors and officers have expressed an interest in reaching out to Pitt students not only here at main campus, but also to students interested in pharmacy at smaller branch campuses. Krista Manson, P2, is helping us reach that goal. Through Krista's networking, RxPrep is

in contact with a professor at the University of Pittsburgh at Johnstown campus interested in developing RxPrep's involvement with their students. It is very encouraging to see just how far RxPrep has come from being a new organization to developing to an extent where it is now reaching out to students at other universities.

As for our plans for this semester, our first meeting was January 7th. The topic of that meeting was interview skills since all the students are eagerly waiting their interview appointments here at the school. Other topics we are currently planning to discuss with our members include the State Board of Pharmacy, Pharmacy Research, Pharmacy Residencies, and other International Opportunities within the profession. As always, we will finish up the year with our annual End of the Year Party in honor of the newly accepted class of 2013! We are also preparing for next year, so if any students are interested in being a part of RxPrep by helping out at meetings or becoming an officer, you can e-mail me at acb18@pitt.edu.

What's your favorite activity in LKS?

Both: Any event that brings the sisters together so we can get to know each other better.

What's your favorite activity to do outside of pharmacy school?

Both: Shopping and hanging out with friends.

What do you want to do after pharmacy school?

Kerri: I plan to pursue a residency in pediatric pharmacy.

Amy: I plan to work in the community in a retail setting.

From all of us at LKS, welcome back!

PA Pharmacists in '09

By Amanda Simpson

The Pennsylvania Pharmacist Association is holding its Mid-year meeting in Harrisburg this February 6-8 and there is a lot to look forward to. They are once again holding the "Patient Self-Care and Pharmacy Competition." This is a jeopardy competition focusing on OTC questions that pits teams of three from all of the Pennsylvania pharmacy schools against each other.

Last year Wilkes stole the trophy from us and we need to win it back! To choose the team of three that will compete we will be holding our own competition on Tuesday, January 20, 2009 from 12-1 in room 402. The winning team and one alternate from the second place team will have their transportation, registration, and room paid for the conference.

Getting to the conference will be even easier this year since PPA is providing a charter bus that will pick up and drop off at Salk hall. It is only \$10 for members and \$25 for non-members. So, come attend some great CEs, do some mingling, and cheer on our team in the OTC competition!

New Year... New PSHP and You!

By Christina Martin

Welcome back! The PSHP executive board hopes you had a wonderful holiday with family and friends. As we begin a new year, we would like to introduce a new face. Our previous advisor, Dr. Denise Sokos, has resigned from her position and we are happy to announce Dr. Rafael Saenz as the new advisor for the Pitt PSHP chapter.

Dr. Saenz is an instructor in the school of pharmacy and the operations manager at UPMC Presby. Dr. Saenz is active with the local and state PSHP organizations; he is the president-elect for WPSHP and a member of the PSHP board of directors. We look forward to Dr. Saenz being involved with the PSHP chapter and offering his advice as students pursue residency programs!

Our January meeting, held on Tuesday 1/13 in 402, invited Phuong-Tan Nguyen to speak about her position as Clinical Pharmacy Specialist in the Neonatal Intensive Care at Children's Hospital of Pittsburgh. She is the Clinical Coordinator of Pharmacy Services and is very involved in formulary management and physician and nurse education.

The February meeting on Thursday 2/12 will bring in pharmacy residents from UPMC, Mercy and AGH. Similar to last year, a panel of residents will provide answers to questions you have. Questions

from last year ranged from "What is your typical day like?" to "What is the worst part of your residency?" and "Do you have any free time?" If you are not a PSHP member and considering a post-graduate residency, please join us to get some insight from actual residents themselves!

Each March, our PSHP chapter has been actively involved with Poison Prevention Week (PPW); the 2009 PPW is March 15-21, 2009. Last year, PSHP tabled at Falk Pharmacy Clinic to provide patients with information and Mr. Yuk paraphernalia.

This year, PSHP and ASP are collaborating to focus on Poison Prevention for the ENTIRE month of March. Poison Prevention Education sessions will take place at local elementary schools during the 1st and 4th weeks of March; tabling sessions will occur during the 3rd week.

Thank you to everyone who expressed interest in the fall; more information will be arriving to your inbox in the next few weeks. If you are interested in helping out with Poison Prevention lessons or tabling and did not sign-up, please email either Christina Martin cym2@pitt.edu or Yardlee Kauffman yardlee.kauffman@gmail.com.

Best wishes for 2009!

Rho Chi Updates

By Sierra Hogue

This semester Rho Chi will be continuing the monthly Health Talks at the Salvation Army in Southside the first Monday of every month. On January 5th, about 8 members participated in presenting the topic of Diabetes. The next talk tentatively will be on February 2nd from 6:15-7:30 and cover the topic of COPD/Asthma.

We are also continuing the Professional events series in conjunction with PLS. The next lecture will be on January 22nd at noon in 402. The Padfolio and Business Card sale from the fall semester was success for our organization and we thank those who supported the fundraiser.

Rho Chi would like to congratulate Raymond Barger, P2, for being selected as the Rho Chi Student of the Month. Raymond was nominated by a number of his peers for his ability and willingness to get involved in the community and in his profession. He has been active with PDC, helped with the "AK for Homecoming King" campaign, donated time to help clean up trash in Oakland, and has the "Adopt a Village" program at his church. These and other various volunteer activities which Raymond has become involved reflect greatly upon our profession and show the dedication and involvement that pharmacists should have in their community.

For more information on the Student of the Month, look for the full write up on the 4th floor bulletin board in Salk Hall. To nominate a student or for questions about the SotM, please e-mail zrr2@pitt.edu.

The Paul Ambrose Scholars Program

Empowering Tomorrow's Healthcare Leaders Today

By Yardlee Kauffman and Julie Lauffenburger

- Interested in Public Health?
- Interested in developing a funded community-based health-education project?
- Interested in learning about health policy, promotion, and health advocacy in Washington DC?

Consider the Paul Ambrose Scholars Program!

The Paul Ambrose Scholars Program is hosted by the Association for Prevention Teaching and Research, an organization dedicated to prevention research and interprofessional education.

The program provides scholarships for 50 health-professional students nationwide to

attend a three-day symposium on June 26th-28, 2009 in Washington DC. The year culminates in completing a funded community-health education project based on the student's own design.

Through this experience, students have the opportunity to interact with other health professional students and attend sessions concerning public health and disease prevention.

Last year, we participated in this great opportunity to develop leadership skills, meet other health professional students, and give back to the community. The energy present at this symposium was exquisitely motivating, and we found the speakers to be very passionate and knowledgeable about their respective topics.

Through this program, we became highly aware of the variety of opportunities that are

available and the significance that we could have as a health care professional in the future in public health.

The application and a short informational video about the Paul Ambrose Scholars Program are available online at <http://www.atpm.org/pas/index.html>. P2 and P3 students are eligible to apply. The application must be submitted by February 11, 2009. Applicants will be notified by April 1, 2009.

For questions, feel free to contact Yardlee Kauffman (yardlee.kauffman@gmail.com), Julie Lauffenburger (j.lauffen@gmail.com), or Dr. Meyer (smeyer@pitt.edu).

Updates From Your Class Presidents...

P1 Class Update

By Adam Martin

The Class of 2012 has started their second semester of Pharmacy School, and we are nearing the Dr. Gordon J. Vanscoy White Coat Ceremony, which will be held on Friday, January 30 at 3:30P.M. We are looking forward to this prestigious event as our friends and family will gather to join us in symbolizing our entrance into the profession!

P2 Class Update

By Mike Smith

The P2 class has passed the halfway mark as far as semesters of class left, and is looking forward to being halfway done with Pharmacy School. The class fundraiser of mugs, thermoses and fleece sets is still continuing while supplies last (see a class representative for more details). With pharmacy weeks fast approaching, everyone is looking forward to all of the events and competitions.

P3 Class Update

By Katherine Radzevick

The P3 Class is ready for their last academic semester in Salk Hall! After our winter break, we are prepared and motivated to complete the final step to conclude our education at the School of Pharmacy. The recent T-shirt fundraiser was very profitable for our class efforts towards raising money for the end of the year party. Thanks to those who purchased one! The Class Officers are working towards establishing a "Rotation Rally" with preceptors and P4 students to help elucidate the fourth year rotations before making final selections in the upcoming months. Finally, we are looking forward to Pharmacy Weeks and all of the events planned by ASP.

P4 Class Update

By Matt Sapko

Happy New Year!

I just wanted to take a few minutes to catch everyone up on the past few months for the P4s. In November, all of the P4 class successfully completed our PharmD seminars which was the final big hurdle for us this year. Also in December, approximately 20 students traveled to a sunny and warm Orlando, FL to talk and interview with residency programs. After midyear, seminars, and rotations, my classmates enjoyed the holidays and start to the new year (finally 2009!). I'd like to also take time to congratulate all of the members of my class who have gotten engaged and married over the past few months. It is great for all of us as we face new changes in our lives and finally begin our professional and personal lives.

With our final semester upon us, the P4 class has started to realize (and celebrate!) our upcoming graduation. Many students are completing their last couple of rotations, with a few students even finishing up after this rotation at the beginning of February. At least half of our class has made commitments and signed contracts for next year in community, hospital, and even specialized areas of pharmacy. In addition, many students are completing residency applications and will be completing residency interviews over the next few weeks and months. It is a very exciting, but stressful time for most of us, however, we will be looking forward to our upcoming graduation and our futures.

Also, this semester, we hope to continue to be involved with underclass projects and activities. Many of our classmates will be attending the annual Pharmacy School formal at the Sheraton on January 31. It will be a great time

for us to reconnect with underclassmen and each other - especially since many of us have not seen each other since last year. It will be exciting to meet new P1s and welcome them, finally, to our school as well. Several of our classmates will be helping the P1s with Silver Scripts this semester. It will be nice to take information from class and rotations and to begin to help the P1s with some of their first experiences with patients. Our class is also working with the P3 class to coordinate a session for some of our classmates to share our stories and advice about rotation selections, what to expect in the P4 year, and opportunities beyond graduation in early February. Finally, our class is looking forward to the annual end-of-the-year party to celebrate moving onto another year, and for us to our graduation on Sunday, April 26.

As for our class, Gretchen Kreckel, Greg Wolfe, myself, and many of our classmates will be participating in planning graduation and our class gift. We are trying to make our class gift a bigger gift this year with the potential to continue giving it to the school year after year. It is very rewarding already to look back at our soon-to-be alma mater with pride and to try to provide current and future students with additional opportunities and resources. I encourage and challenge each class to try to do this as they move to P4 year and think about a class gift. I would also like to just encourage everyone to feel free to ask us any questions you may have or even contact me directly with questions and I would be happy to put you in touch with other P4s to help answer any questions.
